ADMINISTRATION, FACULTY AND STAFF

DR. CARL W. BROMAN

Professor of Music

DEDICATION

He is an unselfish musician who has not hidden his light under a bushel, but who has used his talent as an implement with which to guide us in our search for the beautiful.

He is a dedicated teacher who has long shown genuine concern for the development of all students—who stimulates our interest in the realm of the aesthetic, and gives us a deeper knowledge of its place in our lives.

He is a sincere friend to both school and community, a man possessed of sympathy, understanding, and a delightful sense of humor.

With gratitude and affection we dedicate

THE 1958 BLUESTOCKING

to this musician, this teacher, this friend.

Dr. Carl W. Broman

STUDENT GOVERNMENT ASSOCIATION

LYDIA WOODS
President

Student Government on any college campus is viewed as a central part of the educational process, both in the training that it gives to those students participating in it and in the contributions it makes to the institution's educational objectives. At Mary Baldwin, a student government has been in existence for twenty-nine years and in that time has shown itself to be indispensable in the college community.

Our Student Government Association has been active and dynamic primarily because of two factors. These are the character of the college administration, which has maintained a full awareness of the value and importance of the association, and the support of the students themselves, who have been vitally interested in realizing the goals a student government should declare for itself. Without the interest of the two groups, no association would long remain effective.

The governmental structure consists of three branches: the Student Board, which is the central co-ordinating and legislative body; the House Presidents' Council, which concerns itself mainly with the students' problems of personal adjustment as individuals and groups; and the Judiciary Board, the student court, which constantly endeavors to instill the ideals of the Honor System in the students.

The Student Government officers serving on these three branches represent the student body in many capacities, and have as their goal the integration and evaluation of the college program in every respect. They realize that the biggest challenge to student government is that its job is a never-ending one. Its projects and goals must be constantly broadened to meet the needs of new student generations.

The broad objective of our Student Government Association is to encourage the individual in the college community to develop her full potentialities. This task is the challenge which we accept and try to meet to the best of our abilities.

C., and other cities in Virginia and North Carolina.

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

ELIZABETH ANN WITHROW

President

The Y.W.C.A. is the oldest student organization on the Mary Baldwin campus, and is a member of the National Student Y.W.C.A. The Y was first organized at Mary Baldwin in May 1894, and since that time has grown and developed into an important religious organization on the campus.

Upon entrance into the college each student is encouraged to participate in the activities of the Y.W.C.A. By providing a program of worship, study, and action, the Y seeks to give every student an opportunity to put Christianity into action.

This year the Y has begun a series of discussions led by a panel consisting of faculty members and visitors, with topics concerning such subjects as "My Personal Philosophy of Alcohol."

Every Sunday evening there is Vesper Service which is led by students, faculty, or visiting speakers; each Thursday night there are short periods of devotions in the dorms. Through projects in the community at VSDB, the Effie Ann Johnson Day Nursery, and Western State Hospital one learns the meaning of Christian Service. Peanut Week helps during that pre-exam slump. Get-to-gethers throughout the year for various purposes aid in the integration of the college community.

The highlight of every year is Religious Emphasis Week. This year Dr. I. Wilson, the guest leader, stimulated discussion and interest among the students with topics entitled, "In Favor with God and Man."

The Literary Club is a newly organized club which combined the functions of the Book Club and the Writers' Club. Its primary purposes are to encourage creative writing, and to broaden the reading range of the members. During the year, programs included discussions on Art for Art's sake, a play by Eugene O'Neill, T. S. Eliot, and the short story.

The Tri Beta, as it is usually called, is a National Biological Fraternity. Here on the Mary Baldwin campus we have the Alpha Pi chapter. A genuine interest in biology and scientific truth is the prerequisite for provisional membership and those with a certain academic standing and at least ten hours of biology are eligible for active membership. The club programs are designed to broaden our interests in and increase our knowledge of the biological science.

MARY BALDWIN HONOR SOCIETY

The college honor society, organized by the faculty in 1932, recognizes and encourages sound scholarship. A limited number of seniors are elected each May to membership in the society. The annual meeting is held during the commencement season when newly elected members are initiated. Alumnae members are invited to be present for this special meeting.

The graduates of the University Course of the Augusta Female Seminary and Mary Baldwin Seminary were elected to the Honor Society in May, 1942, in connection with the Centennial celebration of the school.

ALGERNON SYDNEY SULLIVAN AWARD

The New York Southern Society and Mary Baldwin College have jointly arranged for the presentation of two medallions at Commencement each year to those who, because of the quality of their lives, are judged to be appropriate recipients of the award. While the award recognizes accomplishment, unselfish service is the fundamental principle, as this was the keynote of the life of Algernon Sydney Sullivan, whose name the award bears.

Usually one medallion is presented to a member of the graduating class and one to some other person who has interest in and association with the College.

THE RECIPIENTS OF THE AWARD—1957 COMMENCEMENT

Julianne Rand

"Strong in her convictions, excellent in her studies, outstanding in her leadership, her influence has been felt in every area of campus life. Endowed with an unusual sense of perspective and proportion, she has made difficult tasks seem less difficult, for to them she has brought firmness of purpose and intelligence, coupled with the wit and charm that are so much a part of her. We honor her as a character, as a leader, as a personality. In token of that honor, the Algernon Sydney Sullivan medallion is awarded to Julianne Rand."

Dr. Richard Potter

"Although a busy pastor and ecclesiastic, he accepted the mandate of the Board of Trustees in an hour of need and served the College through his talents of leadership, counsel, and encouragement. For an entire session he has given this ministry without remuneration, because of his faith in higher education as an essential function of the Church, and because, as a member of the Board, he had already found place on his shoulders for the burdens of the institution which confronts him through the window of his study at the church.

"In conferring this award, the Faculty of Mary Baldwin College expresses its gratitude not only for the service of the year now concluding, but for the prospect of continuing counsel and help in all that relates to the well-being of our college. The Algernon Sydney Sullivan medallion is given with appreciation and affection to Richard Randall Potter."

RUSSELL SCHOLAR

The Margarett Kable Russell Scholar is the recipient of an award established jointly in 1953 by the Board of Trustees and the Alumnae Association in honor of the late Mrs. Russell, a trustee and an alumna of the college. It is awarded to an upperclassman on the basis of academic attainment, high character and quality of life, and service on the campus. It carries a monetary award and certain academic privileges.

The choice of a student for this honor is made by election of the faculty. Nominations are prepared by a committee of faculty members and representatives of the Alumnae Association, and two student members. A student's qualifications for this honor will ordinarily be considered at the end of her junior year. No student will be eligible for reappointment.

"Because of her conscientious attitude toward all of her responsibilities, her good academic record, her willingness to give herself generously to all phases of the college program, and her constant devotion to the ideals of Mary Baldwin, the Faculty has conferred the title of Russell Scholar for 1957-1958 upon Margaret Ann Clarke."

THE BLUESTOCKING

Our yearbook, THE BLUESTOCKING, which derives its name from the eighteenth century society that was known as the Bluestocking Club, is published by the Junior class.

We of the 1958 BLUESTOCKING staff have found as the staffs before us, that it is not easy to represent the activities of a whole year in a single volume. We do hope that this year's publication neither adhers to the design of the first Mary Baldwin annual which was issued sixty-seven years ago, nor too much to that of only a year ago.

THE BLUESTOCKING is presented to the Seniors each year at the Junior-Senior Banquet.

We would like to thank Miss Fannie Strauss, our faculty advisor, without whose guidance and advice, the whole book would have been an impossible task.

THE BLUESTOCKING holds membership in the Virginia Intercollegiate Press Association and the Associated Collegiate Press.

CAMPUS COMMENTS

The staff of Campus Comments, the school newspaper, has operated this year with the expressed goal of improving the journalistic level of the paper. Led by Editor-in-chief, Marie Hayward, and Sidney Williams, as Business Manager, the staff has also, and foremost, attempted to publish a newspaper of vital interest to the student body.

Features of the paper this year have been articles on various faculty and staff members, scoops concerning publications' heads, and a current column to keep every student informed on activities outside the college community.

The Administration has expressed a definite interest in the life of the free college press, and we are grateful for this encouragement and attitude.

Campus Comments is a member of the Intercollegiate Press, Associated Collegiate Press, and Virginia Intercollegiate Press Association.

In 1899, the Literary Society of Mary Baldwin Seminary published a portfolio of classical reviews and news, the first *Miscellany*. As we look back we find these early issues provide an excellent record of student life and interests. From that time the Miscellany has gradually evolved into a magazine containing the best pieces of writing produced at Mary Baldwin; a collection of stories, poems, essays, and articles on various subjects to entertain, to present new ideas and new viewpoints.

In intermittent years the magazine has sponsored contests for students, offering prizes for the best in poetry and prose.

Each member of the staff has had an opportunity to work on editing, copy-reading, and lay-out and to use her own literary interests in producing a magazine which is representative of the literary taste and artistic interest of the college.

The Miscellany is a member of the Virginia Intercollegiate Press Association and the Associated Collegiate Press. Under its sponsorship, Campus Comments first appeared in 1924 and soon became an important publication in its own right. For over half a century, the Miscellany has presented a portfolio of creative writing, a literary magazine penned, designed and edited by and for the students of Mary Baldwin.

ATHLETICS

RECREATION ASSOCIATION

MARGOT TEAGUE
President

The purpose of the Mary Baldwin Recreation Association reads from the constitution as follows:—

"The purpose of this Association shall be to develop interest and participation in a diversified program of recreational activities, to promote a spirit of good sportsmanship, and to cultivate a spirit of co-operation and fellowship within the campus life."

Almost all major and minor sports are offered in the R.A. program and those who have never played are taught in order that they may improve their playing and that they may also find enjoyment in sports.

Sportsmanship seems to be synonymous with athletics. Co-operation and consideration for others are essential in both team and individual sports. The Association plans the program with the primary emphasis upon enjoyable recreation, and feels that participation, whether active or as a spectator, is more important than the winning of a game.

The Recreation Association begins its activities in the fall with the Freshman picnic at the hockey field. The Freshmen provide the entertainment by presenting original skits that include everything from songs to football games that portray Mary Baldwin College as a member of the Southern Conference.

The hockey season begins in September and lasts to November, weather permitting. This year the Scotch team, under the leadership of Meryl Richardson, and the Irish team under the leadership of Judy Norman, played in tournaments sponsored by the R.A. and in a tournament at Roanoke College.

Basketball games are played in the King Building during the month of February and the season is culminated by the basketball tournament. This year a game was played with Hollins College.

The competition in tennis, volleyball, and recreational sports, is strong and these sports are also represented by teams which enter tournaments.

The Recreation Association, besides sponsoring tournaments and promoting team spirit, gives the college a taste of carnival life when presenting the R.A. Carnival which is held every other year. The King Building is transformed into a midway complete with a floor covered with sawdust. The walls are lined with booths and the "barkers" urge visitors to palm readings and skill games.

In May the Recreation Association activities reach their height in the R.A. Banquet. At this banquet a trophy is presented to the clan with the best record for the year.

The Dolphin Club (swimming club) of Mary Baldwin has a membership of twenty-two girls, representing all of the classes. New members are approved by active members who rate them on their performance of basic swimming strokes and stunts. The program of the year consists of two tryouts for new members, a "Splash Party" for Freshmen in the fall, and a swimming pageant, presented in February.

The Pageant, "Around the World On a Dolphin," was given on February 26 and 28. The members showed incidents that take place in eleven foreign countries and the finale showed life in America.

COLLEGE MARSHALS

Left to Right: Betsy Sheetz, Carolyn Griffis, Martha Thulin.
Chief Marshal: Carolyn Griffis

The three main traits necessary in an usher or marshal are poise, courtesy, and attractiveness. The College marshals and ushers, who reflect not only the beauty of the student body but the grace and poise as well, serve at concerts and at all other college functions.

AND USHERS

Holding a position such as this is an honor, but also hard work. At many important events, such as the King Series, school plays, serious programs of campus organizations, and commencement week-end, these girls always do their best to please the students and guests of the college by seating them and aiding in many other small ways to see that the function runs smoothly.

The Chief Marshal is elected by the student body from the rising junior or senior class. The other marshals are chosen by their respective classes and they, in turn, choose the ushers.

Advertisements

The business staff of the **Bluestocking** is proud to present the following pages devoted to advertisements by local firms that help make this publication possible.

We recommend Staunton to prospective students and their families as an excellent place to shop, as well as an excellent place for college. Staunton is the hub of business activity in the thriving and beautiful Shenandoah Valley, and has excellent stores, business firms, hotels and motels and service facilities.

Many of the firms have served Mary Baldwin students for generations, and have expert knowledge of styles and prices that appeal to the Mary Baldwin student. Students and visitors are invited to take advantage of these facilities and to avoid the problem of advance shopping and long distance shipment of luggage.

General Manager

This is one of a series of Wash Prints by Mr. Horace Day, prominent Virginia artist

The drawing of Bailey Hall on the opposite page is one in a series of six by Mr. Horace Day, head of the Art Department of Mary Baldwin College. Others in the series are of the Administration Building, the King Building, the Student Activities Building, Baldwin Memorial Dormitory and the Woodrow Wilson Birthplace.

Mr. Day's paintings and drawings have been exhibited in major art centers throughout the South and East, and his work was featured in a one-man showing at the Bodley Gallery of New York City during February of 1958.

Copies of the wash drawings of Mary Baldwin scenes may be purchased, in sets of six (one of each drawing), for $2.00. This includes postage and handling charges. They are reproduced in brown tones on Strathmore Pastelle ivory paper, and are suitable for framing. Order by sending check or money order to:
